

**Addendum to:**

**Parent Permission for Passenger in Student-Driven Car Form (on file)**

**January 2018-June 2018**

In the event that hazardous driving conditions are predicted before VMA has officially closed for the day, the principal reserves the right to offer an early dismissal to students who have driven to school.

Student drivers **will not be required** to leave campus, but the option to do so will be announced to them should conditions warrant such a decision.

This time will be communicated on the school website and through the school's *Global Alert* system at least fifteen minutes before the students are to be dismissed.

Likewise, students who are **passengers in student-driven cars** will be granted the same permission to leave campus in a weather emergency with their student drivers provided their parents have given written permission for their daughters to be dismissed.

=====

In the event of a possible hazardous travel conditions, I grant permission for my daughter \_\_\_\_\_, Homeroom \_\_\_\_\_, to be dismissed and to leave campus with student driver \_\_\_\_\_ at the time announced by the Villa Maria Academy principal.

I assume responsibility for the safe travel of my daughter from school to her home; my signature also indicates that my daughter is to travel directly to her home after she is dismissed.

\_\_\_\_\_ **Parent's Signature**      **School District:** \_\_\_\_\_

\_\_\_\_\_ **Date**

\*\*\* Please return this form to Mrs. Rosemarie Coghlan, Dean of Students
