

Addendum to Parent Permission on Parking Registration Form (on file)

January 2018-June 2018

Student's Name: _____

Homeroom: _____

In the event that hazardous driving conditions are predicted before VMA has officially closed for the day, the principal reserves the right to offer an early dismissal to students who have driven to school.

Student drivers **will not be required** to leave campus, but the option to do so will be announced to them should conditions warrant such a decision.

This time will be communicated on the school website and through the school's Global Alert at least fifteen minutes before the students are to be dismissed.

No student driver may leave campus early without parental permission on file. Such students must sign out via the Main Office before they leave campus.

=====

In the event of a possible hazardous travel conditions, I grant permission for my daughter be dismissed and to drive herself off-campus at the time announced by the Villa Maria Academy principal.

I assume responsibility for the safe travel of my daughter from school to her home; my signature also indicates that my daughter is to travel directly to her home after she is dismissed.

_____ Parent's Signature

School District: _____
