2018-2019

- **Limerick Emergency Card—ALL STUDENTS: One form per student**

Chester County Department of Emergency Services has informed us that some of our students may be affected if there were an emergency situation at the Limerick Generating Station. Should such an event occur, students whose homes are inside the emergency zone designed by the state, i.e. an approximate 10-mile radius around the Limerick plant, *would not be permitted* to enter that zone to return to their homes. Please refer to the attached map to determine if you reside within the emergency zone and if you do so, provide us with the requested information. We update this information yearly and ask that ***all new families return this card even if you do not live within the zone. All cards should be returned to homeroom teachers by September 7, 2018.***

WE ASK THAT THIS FORM BE COMPLETED FOR EVERY STUDENT:

FAMILY NAME: \_\_\_\_\_

DAUGHTER: \_\_\_\_\_ Homeroom: \_\_\_\_\_

ADDRESS: \_\_\_\_\_

We do reside in the emergency zone around the Limerick Generating Station. **Circle: YES NO**
